

Casa Vitivinicola Tinazzi is located in Lazise, near the beautiful Garda Lake. It was founded at the end of 1968, in Cavaion Veronese (Verona - Veneto), through the enthusiasm, passion and perseverance of Eugenio Tinazzi.

Currently, the company is still family owned and managed with competent entrepreneurship by Gian Andrea, the founder's son, and his children Giorgio and Francesca, who continue the ambitious project of a wine cellar in constant growth.

Over the years, the Tinazzi family purchased new estates and vineyards, both in Veneto and in Apulia, a region they love and in whose potential for an high quality winemaking they strongly believe.

They work with commitment and passion towards high quality and continuous improvement in order to fulfill the needs of Italian and international customers.

TINAZZI

Casa Vitivinicola Tinazzi has its headquarters at Cantine Tinazzi in Lazise where, using the most advanced technologies, the grapes are vinified for white-wine production.

Giuseppe Gallo and his team follow all the steps of the production process: from the vineyard to the bottle. A computerized system controls all the stainless steel vats. The winery houses also a modern internal laboratory to analyze the wine during the whole vinification process.

TENUTA VALLESELLE VENETO

12 HECTARS OF VINES

Tenuta Valleselle is a charming country house nestled in the enchanting hills of Lake Garda, near Bardolino. The estate is surrounded by 12 hectares of lush vineyards and olive groves.

Tenuta Valleselle was purchased in 1986 by Gian Andrea Tinazzi from the community of Camaldolese Friars.

After a careful restoration, it has become the place of Tinazzi Winery dedicated to hospitality.

In the estate you can walk through the olive trees, visit the vineyards and taste the wines of the cellar, there are courses of Italian cuisine and team building classes based on cooking competitions.

The farmhouse is also available for events and romantic and intimate weddings.

CANTINE SAN GIORGIO

PUGLIA

Cantine San Giorgio is a historic business in the territory of Salento, founded in 1962 as a wine cooperative. The Tinazzi family, after careful assessment, in 2011 invested in the winery with the aim and commitment to give new impulse to local wine production, enhancing the potential of the typical vines. Cantine San Giorgio is now an important production reality in one of the most interesting wine region in Italy and has got itself noticed for the commitment to high quality grapes and wines.

The symbol of Cantine San Giorgio is the "Torre Vinaria" a 21 meters white tower that houses 6 stores of vats, one underground and five above ground. Cement vats have become very popular again in recent years, primarily due to their capacity of maintaining the temperature of the wine constant thanks to the qualities and thickness of the concrete.

An aerial photograph of the Feudo Croce estate. In the foreground, a large, white, two-story farmhouse with multiple arched windows and doorways stands prominently. A wide, light-colored gravel path leads directly to the entrance of the building. The path is flanked by green lawns and small, manicured trees. To the left of the path, a vast vineyard stretches into the distance, with rows of grapevines visible. The background shows a flat landscape with more fields and a distant horizon under a clear sky.

FEUDO CROCE

PUGLIA

66 HECTARS OF VINES

Feudo Croce is a wonderful farmhouse located in Carosino, near Grottaglie on the Salento peninsula, the Apulia's wine area par excellence. Tinazzi group purchased the estate in 2001. Over the years, it has planted the vines and installed an irrigation system using innovative water collecting techniques that play a vital role in grapes growing. The estate grows traditional varieties of Salento. It uses the Guyot system and the traditional Apulian "alberello" training system to grow its vines. The company is devoted to the production of typical autochthonous wines such as Primitivo, Negroamaro, Malvasia Nera and Malvasia Bianca.

The farmhouse is open to visitors, who can enjoy wine tasting and other activities. The photographic museum showing the winemaking process makes Feudo Croce an interesting place also for educational visits.

TINAZZI

TINAZZI
Experience

In November 2010 Tinazzi starts a cooking classes project aiming to promote the Italian culture of wine and territory through enogastronomic activities in the estates of Tenuta Valleselle in Veneto and Feudo Croce in Apulia.

With a dynamic and involving approach guests can experience Italian tastes, foods, wines and aromas, eating the traditional dishes that an experienced Italian chef teaches them to cook.

Every cooking class ends with a wine tasting of the most important wines of Casa Vitivinicola Tinazzi.

It's a unique experience through the Italian regional enogastronomic culture that characterizes the Tinazzi style.
