

ABOUT US

Located in Castelnuovo del Garda, in the Province of Verona, our Winery "POGGIO delle GRAZIE" was founded in 2014 on the joint dream of two brothers, Stefano and Massimo: to produce a quality product that answers the needs of today's market, a truly natural wine made with today's advanced technology.

Our name is derived from "POGGIO" which describes the location of our property in this area; situated on gently low sloping hills just south of Lake Garda. On clear days, from the highest point in the vineyard you can see the lake's reflection.

"Le GRAZIE" refers to a small Chapel, dedicated to the Virgin Mary and located inside the vineyard. This was built by the original owners during the Second World War to give thanks for saving the property from the Allied bombing in the local area.

The love for the land, the desire to improve their products, the willingness to invest in something innovative prompted the brothers, after years of research, personnel training, and the meeting with the young winemaker Damiano, to do the plunge. The harmony of thought with Damiano, the common desire to experiment and the will to diversify the market supply has led them in a few months to realize their dream.

Stefano and Massimo follow personally and indiscriminately all processing steps: from the vineyard to the finished product, till the marketing too.

Poggio delle Grazie®

Cantina: Via Milano, 199 - 37014 - Castelnuovo del Garda (VR)
